# **■INTARI**INTRODUCTION

INTAR

Introducing VINTARI, a new generation of Essential Oils formulated to a higher standard. Better for you, better for our planet. Backed by VINTARI's Protocol for Certified Therapeutic Grade: Purity, Potency and Properties.

VINTARI was created in 2020 by a passionate team of North American women and men, led by minds and hearts from Stanford and Harvard.

For thousands of years, essential oils have been used as a safe and effective way to nourish ourselves and our families with the natural therapeutic potential of plants.

And now, more than ever, the world needs caring. Let's build a stronger, more-loving community, for each other and our planet.

We have elevated "natural" to an unprecedented level of quality with VINTARI's Protocol for Certified Therapeutic Grade: Purity, Potency and Properties. From Harvest to Heart.

Our ingredients are handpicked from premier wholesome corners of the earth. Because a soil that is superior in minerals and other nutrients will consistently yield a superior harvest.

Attention to detail in environmental factors and harvest times is essential. Whether it's our lemon from Italy, our rosemary from Spain, our tea tree from Australia, our lavender from Bulgaria, our frankincense from India, our sweet orange from Brazil, our Sandalwood from New Zealand, or our fir from Canada, you can trust the VINTARI quality promise.

The purity and potency of each oil is analyzed 10 times. Don't just take our word for it. All 10 analyses are conducted by top, certified independent labs.

And because our planet matters too, our oils are Cruelty Free, Vegan, Kosher, and Non-GMO.

If technical names and certifications are not your thing, simply remember this: VINTARI Oils are 100% natural and 100% pure.

VINTARI's Natural Chain Certificate and Purity Chain Certificate guarantee that all natural and purity properties are conserved from original seed and harvest, to distillation, packaging and distribution. From Harvest to Heart.

It's time to care. Because family matters most.

VINTARI<sup>®</sup>. It's Time to Care™

# ♥ INTARI™ SCIENCE

### **VINTARI® CERTIFICATIONS**

Certifies that the oils are of 100% natural origin, without any synthetic additives. They come directly from the plant, extracted using appropriate methods that respect their properties.

Certifies that the oils are 100% pure, and do not contain other oils, fats or substances that alter them.

VINTARI's Protocol for Certified Therapeutic Grade: Purity, Potency and Properties.

It is a process that begins with soil and seed selection, and continues all the way through distillation, packaging, and distribution.

Premium Quality Endorsed by the VINTARI® Scientific Advisory Board.

Guarantees that the oils comply with the strictest requirements of hygiene and quality, as well as ensuring all ingredients and preparation meet the dietary standards of traditional Jewish law.

Certifies that they are 100% natural, from their origins to the time they reach your hands. From Harvest to Heart.

Certifies that the land complies with the 10 requirements of VINTARI® analysis.

Guarantees that the oils were not tested on animals.

Certifies that they are 100% pure, from

Certifies that the products do not contain animal-derived ingredients or their by-products.

Certifies that the oils are gluten-free.

VINTARI'S Oils are backed by VINTARI's Protocol for Certified Therapeutic Grade: Purity, Potency and Properties, ensuring the highest quality standard.

The purity and potency of each oil is analyzed 10 different times. Don't just take our word for it. All 10 analyses are conducted by top, certified independent labs.

Additionally, all VINTARI Oils have more than 12 certifications to guarantee that they are 100% Pure and 100% Natural.

### ANALYSIS CONDUCTED ON EACH OIL

ORGANOLEPTIC EVALUATION Analyzes appearance, color and aroma of each oil.

2 SPECIFIC GRAVITY Verifies the purity and quality of each essential oil.

3

5

10

GAS CHROMATOGRAPHY Separates and analyzes the oil in each of its chemical components, to guarantee purity.

A MASS SPECTROMETRY Separates, identifies and quantifies each of the oil's components, creating a unique record (chromatogram) that guarantees the purity of the oil.

**OPTICAL ROTATION** Verifies that the oil is not adulterated nor contains synthetic components.

6 **REFRACTIVE INDEX** Guarantees the purity of the oil, confirming that there is no adulteration.

CONTAMINATION-FREE Verifies that the oil does not contain harmful microbiological agents or heavy metals.

- 8 STABILITY Guarantees the quality and purity of the oils during the entire foreseen period of use.
- **9** FOURIER-TRANSFORM INFRARED SPECTROSCOPY Allows the purity and the oil's identity to be corroborated.

**PEROXIDE VALUE** Guarantees that the oil is found in optimal conditions.

## ► **INTARI**<sup>™</sup> PRODUCTS

### INDIVIDUAL OILS

These oils come from a single natural source, with pure and concentrated benefits. The oil contains the essence of its plant of origin; it is a highly concentrated and powerful product.

INTARI

### LAVENDER

### EXTERNAL / AROMATIC

**ORIGIN:** Bulgaria.

AROMATIC DESCRIPTION: Floral, sweet and herby.

**DESCRIPTION OF LAVENDER:** This beautiful flower, from the Mint family, has been popular since ancient times due to its countless benefits.

Since the Egyptian and Roman times, it has been traditionally used for relaxation, stress reduction, improving mood, reducing skin imperfections and as an aromatic perfume.

### USES:

- Protect your skin by diluting Lavender Oil with VINTARI Fractionated Coconut Oil and applying to your skin to improve its appearance.
- Pamper yourself by adding 4 drops to your bath.
- Relax by adding 2-4 drops to your VINTARI Ultrasonic Diffuser, to create a stress-free environment.
- Improve sleep by adding 2-4 drops of lavender to pillows, bed sheets or the soles of your feet before going to bed.
- Refresh your closet, mattress or car by adding 2-4 drops of lavender to water in a spray bottle.
- Travel with it and apply a few diluted drops to your wrists to help you relax.
- Kiss using a little lavender to moisturize your lips. For topical application, the oil must be diluted beforehand.
- Combine with VINTARI Fractionated Coconut Oil and let your partner give you a relaxing body massage.

WINTARI Constant

• Reduce stress by applying to your temples and neck.

### **APPLICATION:**

- Topical use: Dilute 1 or 2 drops with VINTARI Fractionated Coconut Oil.
- Diffusion: Add 2-4 drops to your VINTARI Ultrasonic Diffuser.

lammable product, do not expose to high temperatures. Keep out of reach of children. Discontinue in case of irritation. Do not use on irritated skin. Avoid contact with mucous membranes and eyes. Store in a cool, dark place and out of direct sunlight. For external use only.

### EUCALYPTUS

### **EXTERNAL / AROMATIC**

ORIGIN: Asia.

AROMATIC DESCRIPTION: Fresh, intoxicating and alkaline.

**DESCRIPTION OF EUCALYPTUS:** With its fresh and potent aroma, Eucalyptus leaf decongests respiratory airways, helping you to relax and breathe freely. It also has purifying properties for the skin and air.

It helps to invigorate the muscles and supports their recovery, helping both occasional and professional athletes to feel more energized.

Its 100% natural properties can be found in their purest form in the VINTARI Eucalyptus Essential Oil.

#### USES:

- Revitalize your skin, adding a drop to your favorite moisturizer.
- Improve your day by applying a few drops to your palms and placing them by your nose and inhaling deeply.
- Clear your breathing, adding 3 or 4 drops to your VINTARI Ultrasonic Diffuser. You can also add 3 or 4 drops to a handkerchief to carry the benefits of Eucalyptus with you wherever you go.
- Help your muscles to recover after exercise by applying the oil topically, diluted with VINTARI Fractionated Coconut Oil.

MINTART ECANS CONTRACT

#### **APPLICATION:**

- Topical use: Dilute 1 or 2 drops with VINTARI Fractionated Coconut Oil.

MINTART COMMENT

### **SWEET ORANGE**

### INTERNAL

ORIGIN: Brazil.

**AROMATIC DESCRIPTION:** Sweet, citrusy and fresh.

**DESCRIPTION OF ORANGE RIND:** Sweet Orange is regarded as a mood enhancer with a very characteristic aroma and flavor that provides multiple benefits for your body.

Sweet Orange is a source of vitamin C and antioxidants, like Limonene, a chemical found in the peel of citrus fruits, that can offer different health benefits.\*

#### **USES:**

- Boost your defenses, with immune and antioxidant support by adding it to your recipes.\*
- Benefit from its antioxidant properties by using it internally.\*
- Energize your body by adding a drop to your drinking water every day.
- Enjoy it by adding 1 drop to 4 oz. (120ml) of your favorite drink or water. A unique boost with natural benefits.
- Add to your baking recipes.

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

INTART

#### **APPLICATION:**

• Consumption: Dilute 1 drop in 4 oz. (120 ml) of water.

Keep out of reach of children. If you are pregnant or nursing, consult your healthcare practitioner before use. If contact with skin occurs avoid sunlight exposure. Store in a cool, dark place and out of direct sunlight.

### LEMON

### INTERNAL

**ORIGIN:** Italy.

AROMATIC DESCRIPTION: Citrus, fresh and acidic aroma.

**DESCRIPTION OF LEMON:** Lemon is a delicious ingredient, ideal for use in different food preparations. When added to water or juices, it has a refreshing effect, especially in the summer. On cold days, adding a drop to hot water creates a delicious antioxidant tea that also supports digestion.

Diffusing it in the air creates a fresh and clean environment, and boosts and improves your mood with its aroma.

#### USES:

- Benefit from its antioxidant components by adding a drop to your drinks.\*
- Improve your digestion by diluting a drop in 4 oz. (120 ml) of hot water and drinking it slowly.
- Uplift your mood with its delicious aroma and flavor by adding it to your recipes.
- Enjoy its calming properties by adding a drop to your daily water.\*
- Include two drops in your morning smoothie to support and boost a healthy immune system.\*
- Create a positive environment, as you can also use it in your VINTARI Ultrasonic Diffuser, adding 3 or 4 drops.

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### **APPLICATION:**

• Consumption: Dilute 1 drop in 4 oz. (120 ml) of water.

### JAPANESE PEPPERMINT

### INTERNAL

ORIGIN: Asia.

**AROMATIC DESCRIPTION:** Strong, intense aroma due to its high menthol content.

**DESCRIPTION OF JAPANESE MINT:** Mint is used as a flavoring and aromatic ingredient in select dishes. In drinks, its menthol components have refreshing, vigorizing and energizing characteristics, ideal for starting a successful day.

Mint is one of the most ancient documented herbs. It has been used historically for minor stomach upsets and in cosmetics.

#### **USES**:

- Feel energized by adding a drop to your water every day.
- Settle minor stomach upsets by adding a drop to tea or a glass with hot water after each meal.\*
- Create surprising recipes by including a drop in your baking (cupcakes, cakes, puddings, etc.).
- Support your digestion by adding a drop to 4 oz. (120 ml) of water and drinking it slowly.\*
- Create an ideal ambience for concentrating and staying focused, as you can also use it in your VINTARI Ultrasonic Diffuser, adding 3 or 4 drops.

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

#### **APPLICATION:**

• Consumption: Dilute 1 drop in 4 oz. (120 ml) of water.

Keep out of reach of children. If you are pregnant or nursing, consult your healthcare practitioner before use. Store in a cool, dark place and out of direct sunlight.

MINTARI

### **SIBERIAN FIR**

### INTERNAL

ORIGIN: Russia.

**AROMATIC DESCRIPTION:** Fresh, stimulating aroma with citrus tones and deep woody notes.

**DESCRIPTION OF FIR:** It is known for its unique flavor and aroma that helps to calm emotions and balance moods. It can be consumed in tea, water or in your favorite drinks. It is also useful for giving relaxing massages.

#### **USES**:

- Keep hydrated by adding a drop to your daily water.

### HOW TO USE ESSENTIAL OILS

VINTARI Essential Oils can be used in three different ways, depending on their ingredients: aromatic, external and internal. The description of each oil explains its specific use.

#### AROMATIC

Use the VINTARI Ultrasonic Diffuser to transform and aromatize your environment. Another option is to add 1 or 2 drops to a handkerchief to take with you wherever you go, or apply to your hands (previously diluted), rub them together and inhale deeply.

#### INTERNAL 🔮

Add a drop to 4 fl. oz. (120 ml) of water or as an ingredient in your food, pouring directly from the bottle.

We recommended starting with small amounts. The best way to do this is by inserting a clean toothpick into the bottle of essential oil and then using it to mix whatever you are cooking.

\*Consult a healthcare professional before consuming any essential oils.

#### EXTERNAL

Gently massage the desired area. The essential oil should be used diluted with VINTARI Fractionated Coconut Oil. Combine them on your palms and apply on the desired area.

\*The recommended dilution ratio is 1 to 2 ie. one drop of essential oil for every three drops of fractionated oil.

### **VINTARI® COLLECTION XV**

Exclusive Edition with 15 VINTARI Essential Oils.

WINTARI XV COLLECTION XV

Better for you. Better for our planet. 100% Recyclable

## **ESSENTIAL COLLECTIONS**
