 **VINTARI**[®]
INTRODUCTION

Introducing VINTARI, a new generation of Essential Oils formulated to a higher standard. Better for you, better for our planet. Backed by VINTARI's Protocol for Certified Triple Grade: Purity, Potency and Properties.

VINTARI was created in 2020 by a passionate team of North American women and men, led by minds and hearts from Stanford and Harvard.

For thousands of years, essential oils have been used as a safe and effective way to nourish ourselves and our families with the natural potential of plants.

And now, more than ever, the world needs caring. Let's build a stronger, more-loving community, for each other and our planet.

We have elevated "natural" to an unprecedented level of quality with VINTARI's Protocol for Certified Triple Grade: Purity, Potency and Properties. From Harvest to Heart.

Our ingredients are handpicked from premier wholesome corners of the earth. Because a soil that is superior in minerals and other nutrients will consistently yield a superior harvest.

Attention to detail in environmental factors and harvest times is essential. Whether it's our lemon from Italy, our rosemary from Spain, our tea tree from Australia, our lavender from Bulgaria, our frankincense from India, our sweet orange from Brazil, our Sandalwood from New Zealand, or our fir from Canada, you can trust the VINTARI quality promise.

The purity and potency of each oil is analyzed 10 times. Don't just take our word for it. All 10 analyses are conducted by top, certified independent labs.

And because our planet matters too, our oils are Cruelty Free, Vegan, Kosher, and Non-GMO.

If technical names and certifications are not your thing, simply remember this: VINTARI Oils are 100% natural and 100% pure.

VINTARI's Natural Chain Certificate and Purity Chain Certificate guarantee that all natural and purity properties are conserved from original seed and harvest, to distillation, packaging and distribution. From Harvest to Heart.

It's time to care. Because family matters most.

HOW TO USE ESSENTIAL OILS

VINTARI Essential Oils can be used in three different ways, depending on their ingredients: aromatic, external and internal. The description of each oil explains its specific use.

AROMATIC

Use the VINTARI Ultrasonic Diffuser to transform and aromatize your environment. Another option is to add 1 or 2 drops to a handkerchief to take with you wherever you go, or apply to your hands (previously diluted), rub them together and inhale deeply.

INTERNAL

Add a drop to 4 fl. oz. (120 ml) of water or as an ingredient in your food, pouring directly from the bottle.

We recommended starting with small amounts. The best way to do this is by inserting a clean toothpick into the bottle of essential oil and then using it to mix whatever you are cooking.

*Consult a healthcare professional before consuming any essential oils.

EXTERNAL

Gently massage the desired area. The essential oil should be used diluted with VINTARI Fractionated Coconut Oil. Combine them on your palms and apply on the desired area.

*The recommended dilution ratio is 1 to 3 ie. one drop of essential oil for every three drops of fractionated oil.
