# ANALYSIS CONDUCTED ON EACH OIL

1

## ORGANOLEPTIC EVALUATION

Analyzes appearance, color and aroma of each oil.

2

## SPECIFIC GRAVITY

Verifies the purity and quality of each essential oil.

3

## GAS CHROMATOGRAPHY

Separates and analyzes the oil in each of its chemical components, to guarantee purity.

4

## MASS SPECTROMETRY

Separates, identifies and quantifies each of the oil's components, creating a unique record (chromatogram) that guarantees the purity of the oil.

5

## OPTICAL ROTATION

Verifies that the oil is not adulterated nor contains synthetic components.

6

## REFRACTIVE INDEX

Guarantees the purity of the oil, confirming that there is no adulteration.

7

## CONTAMINATION-FREE

Verifies that the oil does not contain harmful microbiological agents or heavy metals.

8

## STABILITY

Guarantees the quality and purity of the oils during the entire foreseen period of use.

9

## FOURIER-TRANSFORM INFRARED SPECTROSCOPY

Allows the purity and the oil's identity to be corroborated.

10

## PEROXIDE VALUE

Guarantees that the oil is found in optimal conditions.

## INDIVIDUAL OILS

These oils come from a single natural source, with pure and concentrated benefits. The oil contains the essence of its plant of origin; it is a highly concentrated and powerful product.

# FRACTIONATED COCONUT OIL

The ideal complement to improve the external application of VINTARI Essential Oils. For topical use, consult how to use each VINTARI Essence.

# USES

## Aromatic use:

Use the VINTARI Ultrasonic Diffuser to transform and aromatize your environment. Another option is to add 1 or 2 drops to a handkerchief to take with you wherever you go, or apply to your hands (previously diluted), rub them together and inhale deeply.

## Internal use:

Add a drop to 4 fl. oz. (120 ml) of water or as an ingredient in your food, pouring directly from the bottle.\*Consult a healthcare professional before consuming any essential oils.

## External use:

Gently massage the desired area. The essential oil should be used diluted with VINTARI Fractionated Coconut Oil. Combine them on your palms and apply on the desired area.

\*The recommended dilution ratio is 1 to 3 ie. one drop of essential oil for every three drops of fractionated oil.
